The Crucible Act 3 Motivations Response

Select two characters and analyze their actions and motivations in a well organized and fully developed paragraph (or paragraphs). For each character, identify a specific action from Act 3 and discuss the character's motivation as well as the consequences of the character's act. You must **integrate the two quotes** collected on the Motivations Analysis handout. Include parenthetical citations with page numbers; follow the conventions of standard written English, and do not use informal 1st or 2nd person pronouns such as "I."
